Message from the Principal

Dear members of the Ingleburn North Public School community,

Friendly Frogs, who run our before and after school facility, are quickly proving to be the best OOSH coordinators this school has ever had! I have heard nothing but positive reports from those parents and students already using the Friendly Frog services. Just to show how quickly Friendly Frogs are melding with our wonderful community, they held a free sausage sizzle on Friday afternoon as a way of introducing themselves and saying thanks. I highly recommend their services to you.

Gonski! The Premier of NSW Barry O’Farrell and the Minister for Education Adrian Piccoli have recently signed up to the Federal Government’s education funding program, a program that came from a report written by David Gonski and his panel of advisers. Recent reports indicate that under this proposed scheme, schools with fewer than 200 students stand to gain an extra $150,000 per year. This would be an extraordinary win for INPS and for public education across NSW. With this level of funding we could ensure that every student at our little school received the kind of individual attention and learning resources currently found in some of Australia’s most expensive private schools. I can only hope that both sides of Federal politics come to see the merits of a program that seeks to redress the diminishing egalitarianism of our great country.

Accidents! Last week was one of those weeks. Two of our students required stitches and one had a dislocated thumb. It is always very distressing to see the children hurt, more so when they have to go to hospital. While many accidents are unavoidable, many are caused by the students running on the tarmac. Even though this is banned at INPS, a few students persist with this dangerous behaviour. Could you please assist us in keeping your child safe by asking him or her NOT to run on the tarmac!

Do you have the internet at home and yet you still receive a paper copy of the INPS newsletter? Please help us to save money so that we can purchase more learning resources for your children. You can do this by simply calling the office during school hours and letting them know that you wish to have the newsletter emailed to you, or that you will get it from our website. Your support in this matter is appreciated.

A big thankyou to Mrs Lewis, Ms Cady and everyone else at INPS who had to take up the slack after I attended Jury Duty last week. It is always difficult when anyone is away in a small school, especially if that person is the principal. Making matters worse, three of our students required further medical attention, our office was emptied for the painters and the electricity was out on Saturday (teachers write reports on the weekends at this time of year). A tough week.

**Our Excursion to Calmsley Hill City Farm**

On Thursday KQ, K/1L, 1/2P and 2A went on an excursion to Calmsley Hill City Farm.

**First** we went on a big, yellow and white bus. We shared the bus with 1/2P. A few of us played Chinese Whispers on the bus.

**When** we arrived we had recess in a big, smelly barn house. I had an apple, a banana and a drink. We were introduced to our guide Natalie.

**After that** we went into the nursery to look at the baby animals. I put my finger in the baby goat’s mouth and it was sucking it! I also got to give a bottle of milk to a baby goat.

**Next** we went to see the cows. I liked Pumpkin the cow the best because she gives us beef. I learnt that some cows have horns and udders. **Then** we got to milk a Jersey cow. Her name was Annie.

**Soon** it was time for lunch. We had it in the barn. I had a cheese sandwich and an apple juice.

**Later** on in the afternoon it was time to see the Stock Whip Show. Mrs White had a go of the whip and she was awesome! Then Leon and Kiara went up to have a go. Kiara felt the whip and Leon had a turn of whipping the grass.

**Finally** it was time to get the bus. We went back to school and Aiden and Leon went to sleep on the bus.

I liked milking the cow. I had the best day ever!
